# Activity Instructions

**Activity :** Opening Ceremony

**Date :** Mon 23 Sep

**Start time :** 18:30

**End time :** 18:35

**Duration :** 5min

**Notes :**

---

## Instructions

Cubs will participate in the traditional opening ceremony. Instructions will be given regarding the hike to the Lime Kiln location.

- No climbing on the structure
- Turn off all flashlights during ceremony
- Show respect for the new tenderpads (minimal talking, please)
- 

## Additional Information

Nestor to Run

Since this is the cubs third crack at the opening ceremony we may wish to gently correct any mistakes in the cub's actions, but ensuring we do not single any cub out.

# Activity Instructions

**Activity :** Newspaper Hunt

**Date :** Mon 23 Sep

**Start time :** 18:35

**End time :** 18:45

**Duration :** 10min

**Notes :**

Kenn to Run

Graham will provide papers and list of pictures to find

Equipment needed:

8 Newspapers

---

**Instructions**

Give each team a newspaper and a list of photos that they are to find. On signal, each team searches through the newspaper and tears out the pictures on the list. When all of the pictures are found, both the list and the pictures are taken to the leader. First team to correctly find all the pictures is the winner.

**Equipment**

One complete newspaper for each team

You may be able to purchase some of this equipment by visiting [pbo.scouts.ca/waystohelp](http://pbo.scouts.ca/waystohelp).

**Location**

Both indoor and outdoor

**Group size**

Whole section

**Additional Information**

**Program areas**

Natural World

**Methods**

En-Game - Educational

# Activity Instructions

**Activity :** How to Predict Weather

**Date :** Mon 23 Sep

**Start time :** 18:45

**End time :** 19:00

**Duration :** 15min

**Notes :**

---

## Instructions

Describe and discuss four methods of predicting the weather:

- Air Pressure
- Clouds
- Red Sky
- Animal Behaviour

Ask Cubs why it is important for a cub scout to be able to predict the weather.

- Safety
- Equipment
- Clothing
- Risk

Use documentation to go over the signs

## Equipment

Barometer

You may be able to purchase some of this equipment by visiting [pbo.scouts.ca/waystohelp](http://pbo.scouts.ca/waystohelp).

## Additional Information

Chris to lead discussion on predicting weather using the document provided.

# Activity Instructions

**Activity :** Hike to Lime Kiln Trail

**Date :** Mon 23 Sep

**Start time :** 19:00

**End time :** 19:20

**Duration :** 20min

**Notes :**

Cubs will be given bird seed to encourage Chickadees to come in for a closer look.

A couple of stops will be made along the way to observe the flora and fauna of the area

---

**Instructions**

Cubs and leaders along with accompanying parents will make their way along the trail to the remains of the Lime Kiln. It was built in the 1880s but was abandoned and only rediscovered in the 1970s. In 1999, it was somewhat restored.

**Equipment**

Bird seed to feed the chickadees

You may be able to purchase some of this equipment by visiting [pbo.scouts.ca/waystohelp](http://pbo.scouts.ca/waystohelp).

**Additional Information**

Graham and Gosia will run this activity

What is Quicklime:

Calcium oxide (CaO), commonly known as quicklime or burnt lime, is a widely used chemical compound. It is a white, caustic, alkaline crystalline solid at room temperature.

What is it used for?

Heat: Quicklime produces heat energy by the formation of the hydrate, calcium hydroxide,. This process can be used to provide a convenient portable source of heat, as for on-the-spot food warming in a self-heating can.

Light: When quicklime is heated to 2,400 °C (4,350 °F), it emits an intense glow. This form of illumination is known as a limelight, and was used broadly in theatrical productions prior to the invention of electric lighting.

Cement: Calcium oxide is a key ingredient for the process of making cement.

Paper: Calcium oxide is used to regenerate sodium hydroxide from sodium carbonate in the chemical recovery at Kraft pulp mills.

Use as a weapon

Historian and philosopher David Hume, in his history of England, recounts that early in the reign of Henry III, the English Navy destroyed an invading French fleet by blinding the enemy fleet with quicklime

Quicklime is relatively inexpensive. Both it and a chemical derivative (calcium hydroxide) are important commodity chemicals.

## Instructions

### Procedure

1.  
Call the pack to the circle. Tell a short story about the ceremony's importance, particularly to the Cub you are investing. He or she is about to become a member of the worldwide Scouting Movement.
2.  
Call the Tenderpad into the circle. Have another leader stand just outside the circle with new necker and woggle.  
Akela:  
"Do you know the Promise, Law, Motto and Grand Howl of the Wolf Cub pack?"  
Tenderpad:  
"Yes Akela, I do."  
Akela:  
"Are you ready to make the Wolf Cub promise?"  
Tenderpad:  
"Yes Akela, I am."
3.  
Call the pack to the alert and have Cubs salute as the Cub makes his promise. This is their way of renewing their own promise. Akela and the Tenderpad also salute at this time.  
Akela:  
"Repeat after me." (Cub repeats line for line)  
"I promise to do my best,  
To love and serve God  
To do my duty to the Queen  
To keep the law of the Wolf Cub pack,  
And to do a good turn for somebody every day."
4.  
After taking the promise, Akela says, "Thank you, (new Cub's name). Pack steady." At this time, the pack drops their hands.  
Akela:  
"I trust you to do your best to keep this promise. You are now a Wolf Cub and a member of the worldwide Scouting Movement."
5.  
Place the Wolf Cub necker on the Cub and give the new Cub a firm left handshake. Akela and Cub then salute each other. The Cub turns and salutes the members of the pack; they salute in turn to welcome the new Cub to their ranks. The Cub then joins a six.
6.  
The ceremony ends with the Grand Howl

## Equipment

Lantern as light source

We have had the Canadian flag present in the past but it is typically not part of the official ceremony

You may be able to purchase some of this equipment by visiting [pbo.scouts.ca/waystohelp](http://pbo.scouts.ca/waystohelp).

## Additional Information

Nestor and Paul (to assist with the necker and woggle) will run this activity
